PROPERTY DESCRIPTION

It's hard to know which is more fascinating - the home or its iconic owner - a Little Rock tycoon. Rick Ferguson of Ferguson Custom Homes is known for building some of the finest upscale homes in the Little Rock area. Each of his custom homes offer a unique style of fine craftsmanship, along with a first-class architectural design. Working along with Rick is his lovely wife, Deanna, who enjoys assisting with all aspects of the home design. Deanna has a real knack for design & complements Rick's intricate and exquisite building style, making this duo a dream team. The fascinating couple truly love what they do and have an overflowing love for life as you'll find very apparent with all the extra design features offered in their homes.

Perfectly sited on a level piece of property and surrounded by water, this stunning French Chateau-style Manor is a rare find with its panoramic lake & mountain views. When you open the front door and take a few steps in you realize the house has been aligned in the exact path of these natural elements--it is on the precise projection point for maximum view of the land, water, hills and sky.

The entry level contains the kitchen, butler's pantry, dining areas, two living areas, guest suite, and the master retreat. The second level is made for entertainment and fun. It includes a huge media room, three large bedrooms each having their own private bathroom, and another large playroom with five built-in beds (you have to see this!). This upper level is ideal if you have children or grand kids.

This beautiful architect-inspired home is built without compromise on a prestigious point on the beautiful Lake Hamilton, and reflects only the very best. Once in a rare while will a truly magnificent home such as this be available.
